NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1: NATURE OF BUSINESS & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Incorporation

Lions Clinic of Texas, Inc. dba Primary Care Clinic of North Texas (“the Organization”) was founded in 2003, pursuant to the incorporation laws of the State of Texas to establish and operate a corporation as a non-profit organization under section 501(c)(3) of the Internal Revenue Code.

Principal Activity

The mission of Primary Care Clinic of North Texas is to provide quality medical care at an affordable cost to uninsured adults without regard to income, residency, or background. Primary Care Clinic of North Texas seeks to be a solution by providing quality medical care and building connections with patients, expanding its service model to address the growing needs of the working poor and underinsured, for whom high deductibles and copayments present access barriers to basic healthcare.

A) Form of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles the (U.S. GAAP). The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, support, and expenses during the reporting periods. Significant estimates made in preparing the financial statements include allocation of functional expenses. Accordingly, actual results may vary from management's estimates.

Revenues and gains are recognized when earned, and expenditures and losses are recognized when incurred.

B) Classification and Reporting of Net Assets

Net assets, revenues and expenses, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

i. Net Assets without Donor Restrictions

Net assets that are not subject to donor-imposed stipulations. Net assets received and expended within the reporting period are reported in the Statement of Activities as unrestricted support and revenue.

ii. Net Assets with Donor Restrictions

Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Organization and/or passage of time. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions. Net assets with donor restrictions whose restrictions are satisfied in the same year of receipt are treated as net assets without donor restrictions.

LIONS CLINIC OF TEXAS, INC.
DBA PRIMARY CARE CLINIC OF NORTH TEXAS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1: NATURE OF BUSINESS & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

C) Contributions, Gains and Other Support

Contributions are recognized when received from the donor. Contributions not restricted by donors are reported as increases in net assets not restricted by donors in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets restricted by donors depending on the nature of the restrictions. When a restriction expires, donor restricted assets are reclassified to net assets without donor restriction. Unconditional promises to give by donors are recorded as pledges receivable and contribution revenue when promises are made, or donated items are received and are immediately available for use without restriction unless specifically restricted by the donor. Unconditional promises expected to be collected within one year are recorded at net realizable value. Unconditional promises expected to be collected in future years are recorded at their fair values.

Conditional promises to give are recognized when the conditions on which such promises depend are substantially met.

The Organization records interest and dividends on its marketable securities when earned. Gains or losses are recorded when realized. Unrealized gains or losses are recorded based upon changes in the fair value of investments held.

D) Cash and Cash Equivalents

For purposes of reporting cash flows, cash equivalents include highly liquid assets with an original maturity of three months or less. Cash and Cash Equivalents consist of cash on hand, checking, savings, and money market accounts.

E) Functional Expenses

The costs of providing programs and other activities have been summarized on a functional basis in these financial statements. Accordingly, certain costs have been allocated between program services, management, and general.

F) Concentrations of Credit Risk

The Organization maintains its cash balances at various local financial Institutions. Accounts at these Organizations are insured by the Federal Deposit Insurance Corporation up to the legal limits of \$250,000 per financial Organization.

G) Inventory

Organization has a policy of expending all supply items.

LIONS CLINIC OF TEXAS, INC.
DBA PRIMARY CARE CLINIC OF NORTH TEXAS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1: NATURE OF BUSINESS & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

H) Property and Equipment

Property and Equipment are stated at cost, net of accumulated depreciation. The cost of property and equipment is depreciated over the estimated useful lives of the related assets. Depreciation and amortization are computed on the straight-line method over the estimated useful asset lives.

I) Advertising Costs

Advertising costs, except for direct-response advertising, are charged to operations when incurred. The costs of direct-response advertising are capitalized and amortized over the period during which future benefits are to be received. There were no direct-response advertising costs for the current fiscal year.

J) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

K) Concentration of Economic Dependency

The Organization derives a portion of its revenue from corporate grants and individual donors.

L) Uncertain Tax Positions

Under US GAAP, an organization must recognize the tax benefit associated with the tax position taken for tax return purposes when it is more likely than not the position will be sustained upon examination by a taxing authority. The Organization does not believe it has taken any material uncertain tax positions and, accordingly, it has not recorded any liability for unrecognized tax benefits. The Organization has filed for and received income tax exemptions in the jurisdictions where it is required to do so. For the year ended June 30, 2021, there were no interest or penalties recorded or included in the statement of activities. The Organization is subject to routine audits by a taxing authority, but as of June 30, 2021, there were no examinations in progress.

LIONS CLINIC OF TEXAS, INC.
DBA PRIMARY CARE CLINIC OF NORTH TEXAS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1: NATURE OF BUSINESS & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

M) Fair Value Measurement

The Organization reports its qualified assets and liabilities in accordance with the Fair Value Measurements and Disclosure Standards and accounting principles generally accepted in the United States. These standards define fair value, establish a framework for measuring fair value, and expand disclosures about fair value measurements. This policy establishes a Fair Value framework that prioritizes the inputs and assumptions used to measure fair value. The three levels of the fair value hierarchy and a description of the valuation techniques used for instruments measured at fair value are as follows:

- Level 1- Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date.
- Level 2- Pricing inputs other than quoted prices included in Level 1, which are either directly observable or that can be derived or supported from observable data as of the reporting date.
- Level 3- Pricing inputs include those that are significant to the fair value of the financial asset or financial liability and are generally less observable from objective sources. These inputs may be used with internally developed techniques that result in management's best estimate of fair value.

A qualifying asset or liabilities level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The Organization's qualifying assets or liabilities are recorded at fair value using Level 1 inputs.

N) Subsequent Events

The Organization evaluates subsequent events through November 24, 2021, the date of this report.

O) Reclassification

Certain prior year amounts have been reclassified to conform to the current year presentation.

LIONS CLINIC OF TEXAS, INC.
DBA PRIMARY CARE CLINIC OF NORTH TEXAS
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 2: CONTRIBUTIONS RECEIVABLE

The Organization maintains receivables due from various contributors. The organization has established an allowance for doubtful accounts through a provision for bad debts, charged to expense, and represents management's best estimate of possible losses that may occur within the pledge receivable portfolio. There were no estimated losses charged to bad debt expense during the year ended June 30, 2021, and no allowance for doubtful accounts was required as of June 31, 2021 . As of June 30, 2021 , the contributions receivable was \$0.

NOTE 3: PROPERTY AND EQUIPMENT

Physical property and equipment are stated on the statement of financial position at cost at date of acquisition or, in the case of gifts, fair market value at date of donation. Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis.

Disposal/ Retirement

Upon retirement or sale, the cost of assets disposed of, and the related accumulated depreciation, are removed from the accounts and any resulting gain or loss is recorded as other income.

Classification

The major classification of property and equipment as of June 30, 2021 is as follows:

	<u>Estimated Useful Life</u>	<u>2021</u>
Office equipment	5-7 Years	\$ 18,944
Furniture & Equipment		5,425
Medical Equipment		18,092
Gross Property & Equipment		42,461
Less: Accumulated Depreciation & Amortization		(36,650)
Property & Equipment, Net		5,811
Depreciation & Amortization		\$ 2,344

Capitalization

Expenditures for maintenance and repairs are charged to expenses, whereas major betterments are capitalized. The Organization capitalizes property and equipment with useful life of greater than one year for costs in excess of \$1,000.

NOTE 8: REVENUE CONCENTRATION

The organization received substantial revenue during the fiscal year ended June 30, 2021 from laboratory and other services provided. For the fiscal year ended June 30, 2021, this accounts for 92.6% of total revenue. Should these services be reduced or eliminated in future, this would adversely affect the organization's financial position.

NOTE 9: INCOME TAXES

Lions Clinic of Texas, Inc. is a non-profit entity formed for charitable purposes and is exempt from income tax under Federal and State Income Taxes under IRC section 501(c)(3), though it is subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. Lions Clinic of Texas, Inc. has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and to identify and evaluate other matters that may be considered tax positions. Lions Clinic of Texas, Inc. has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements. Donors may deduct contributions made to the Organization within Internal Revenue Code Regulations.

NOTE 10: RELATED PARTY TRANSACTIONS

The Organization had no related party transactions during the fiscal year ended June 30, 2021 .

NOTE 11: IN-KIND CONTRIBUTIONS

The Organization receives in-kind donations (principally of services), which are reflected in the statement of activities at their estimated values at the date of receipt. The values of these donations are based on the fair market value for similar items. The values of these items have been reflected in the financial statements as they do meet the criteria for recognition under ASC 605-10 Accounting for Contributions Received and Contributions made.

The organization received in-kind contributions of \$1,302 during the fiscal year ended June 30, 2021.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 14: SUBSEQUENT EVENTS

The Organization evaluates subsequent events through November 24, 2021, the date of this report.

COVID-19

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. There has been no immediate impact to the Organization's operations. Future potential impacts may include continued disruptions or restrictions on employees' ability to work and impairment of its ability to obtain contributions and volunteers. The future effects of these issues are unknown.

Evaluation

The Organization's operations are dependent on private and public donations from individuals, foundations, and corporations. Additionally, access to contracts from local governments may decrease and may not be available depending on appropriations. The outbreak may have continued material adverse impact on economic and market conditions, triggering a period of regional economic slowdown. This situation is expected to depress donations from individuals, foundations, corporations, and local governmental entities to the Organization during fiscal year 2021. As such, this may hinder the Organization's ability to advance its mission. As such, the Organization's financial condition and liquidity may be negatively impacted for the fiscal year 2021.

Paycheck Protection Program

The Organization received first and second loan proceeds under the Paycheck Protection Program ("PPP"). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"). The loans and accrued interest are forgivable after eight weeks/twenty-four weeks if the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the eight-week period.

First Disbursement

Date: May 7, 2020

Amount \$80,399

Forgiven date: September 15, 2021

Second Disbursement

Date: April 15, 2021

Amount \$85,987

The Organization intends to use the proceeds for purposes consistent with the PPP. The Organization has been determined eligible for the full forgiveness of the outstanding loan during the period of compilation.

NOTE:15 NEW ACCOUNTING PRONOUNCEMENTS

Leases

On February 25, 2016, FASB issued Accounting Standards Update (ASU) No. 2016-02, Leases (Topic 842). The objective of this ASU is to increase transparency and comparability in financial reporting by requiring balance sheet recognition of leases and note disclosure of certain information about lease arrangements. This ASU codifies FASB Accounting Standards Codification (ASC) 842, Leases, and makes conforming amendments to other FASB ASC topics. Under the new provisions, all lessees will report a right-of-use asset and a liability for the obligation to make payments for all leases with the exception of those leases with a term of 12 months or less. ASU No. 2016-02, as amended by ASU No. 2020-05, is effective for nonpublic entities for fiscal years beginning after December 15, 2021 and interim periods within fiscal years beginning after December 15, 2022. Management is currently evaluating this standard and plans to implement an effective fiscal year ending June 30, 2022.

Revenue Recognition

On May 28, 2014, the FASB completed its Revenue Recognition project by issuing Accounting Standards Update No. 2014-09, Revenue from Contracts with Customers (Topic 606). The new guidance establishes the principles to report useful information to users of financial statements about the nature, timing, and uncertainty of revenue from contracts with customers. The entity applied the new guidance using the practical expedient provided in Topic 606 that allows the guidance to be applied only to contracts that were not complete as of January 1, 2019.
